

SCDXC Newsletter

The Southern California DX Club is a group of dedicated men and women active in the amateur radio community who enjoy communicating over the air with other radio amateurs around the world.

The SCDXC strongly supports the DX Code of Conduct. Please visit their website:

www.dx-code.org

The SCDXC newsletter is published monthly and released to club members around the first of each month. Amateur and DX related letters, news and pictures are welcome and will be published as time and space permit.

Articles will be republished with recognition of the author and the club. Re-use of copyrighted materials require the original author's permission.

Any questions regarding this newsletter or its articles should be addressed to the Editor, Bill, N6RV at:

n6rv@scdxc.org

Club meetings are held on the second Thursday of the month at 7:00 PM except April, June and December.

Please check the club web site for events and details at:

<http://www.scdxc.org>

If you are in the area please say hello on our repeater:

W6AM/R 145.48, (-) PL 100.0

Happy New Year!

2022 International DX Convention at Visalia!

Together Again!

Wyndham Hotel April 8, 9, 10

The 2022 International DX Convention will be held on April 8, 9, & 10 at the Wyndham Hotel and Convention Center. We have blocked out all their hotel rooms. The room costs are an amazing \$109 / night. Anyone who has traveled recently knows it is hard to find a room in a reasonable hotel below \$200 / night. We still have rooms available however next month we will return the rooms not reserved back to the hotel. In that case the room costs increase to around \$200 / night. You can make reservations now and, if you cannot attend the convention, you can cancel up to 2 days before the reservation date.

The January General Meeting

January 11, 2022 6:30 PM PDST

Our presentation for January is FT5XO Kerguelen Island

The FT5XO, Kerguelen Island DXpedition, racked up 67,954 QSOs during its 11 plus days of operation in late March. Located in the sub-Antarctic region of the Indian Ocean, Kerguelen (IOTA AF-048), also known as "Desolation Island", is ranked as the 13th most-wanted DXCC entity worldwide and the 10th most wanted in the US. The multinational Microlite Penguins DXpedition Team: AG9A, G10NWG, HB9ASZ, M0DXR, N6MZ, N0TT, SP5XVY, VE3EJ, VK6DXI, W3WL, W7EW and 9V1YC reports that 68 percent of the contacts were made on CW many of them on 40 and 30 meters, while 29 percent were on SSB and 3 percent on RTTY. European DXers were the primary beneficiaries, accounting for slightly more than one-half of the FT5XO contacts made. Japan followed with 21 percent, and the US at 17 percent.

The DXpedition was organized and sponsored by the Northern California DX Foundation.

From the Desk of the President

Larry Mallek, K6YUI

Hello for the last time in 2021, I hope everyone had a great holiday in December with friends and family.

Well I said it last time and I will say it again that I hope that everyone is getting their shots.

As to having a live meeting in January, it looks like maybe in February.

Not much happening here at my radio room except just working on a computer and it seems that the rain has done a number to my WARC antenna and now I have a bit of an SWR on the WARC bands. Oh well just another thing to fix.

It looks like all the bands have been very busy this last week, so maybe you might check telnet for what's on.

Work is still going on for the DX convention for next April and I hope that everyone is planning on going.

73 de Larry Mallek, K6YUI
President, Southern California DX Club

January Calendar

VP January 2022 Blurb

John Schroeder, N6QQ

Hello Club Members!

Welcome to 2022 - hope it will be a year of change.

Bands have been quite a bit better than in years past. Club Log scores are up.

Looking back over the year 2021 - 42 members have joined Club Log. 27 members worked at least 100 countries. Glad to see many members join in the Beat Schroeder program.

Zoom meetings are offered every second Thursday. Join in our January Zoom meeting to get a feel how Zoom works.

So far, 10 DXpeditions are set for 2022. The one I need is FT5W - Crozet for the month of December. Which leaves P5, north Korea as my last country.

Waiting for our first LIVE meeting in 2022.

Have a great 2022

73 and Good DXing!

John Schroeder

N6QQ

ARRL and CQ QSL card checker

Every DXpedition is the WORST EVER....

UNTIL IT'S IN YOUR LOG

Rumors on the Band

January is looking a little thin for DX. Hopefully the bands will be filled with in country DXers and possibly some rare ones will pop in. Notice that the 3Y0I DXpedition to Bouvet is no longer on the list. The Omicron variant lockdown has put a temporary halt to their plans.

We are in the final stretch! The top dogs have moved very little while the rest of the pack is closing in. Actually the top dogs have very little room to move. Our very own past president and member at large, Peter, N0FW, is at the top of the ClubLog leader board for the whole of ClubLog! Way to go Pete! He passed his 2020 count by 1 entity... so far.

Next month we will post the final results for 2021 and start fresh on 2022!

2021 Get Schroeder Contest

There was a little shuffling of the stats. In fact, Peter, N0FW, improved his 6 meter standing. This is a good indication that the 6 meter F2 season is back!

All in all it has been a good year for DXing!

May 2022 be filled with wonder and joy!

Deleted ARRL DXCC Entities

We move on to the fourth and fifth deleted entity on the ARRL DXCC list, Saudi Arabia / Iraq Neutral Zone and the Saudi Arabia / Kuwait Neutral Zone. Before we begin a great resource was found. Dokufunk.org lists all of the callsigns used from the deleted entities.

Deleted Entity Operations

Furthermore another article was discovered written by Jim McCook, W6YA. He presented this at the 2018 IDXC. It should have been remembered since SCDXC hosted the convention and the editor was the program chair!

Saudi Arabian–Iraqi Neutral Zone

The Saudi Arabian–Iraqi neutral zone was a region on the border between Saudi Arabia and Iraq adjacent to Kuwait. As seen on the map it did not span the whole border between the two countries. The reason for this is the initial neutral zone was established in 1922 the Sultanate of Nejd (Saudi Arabia's predecessor state) and The United Kingdom who claimed the region known today as Iraq as a territory of the empire. Subsequently the region was separated and returned to Saudi Arabia and Iraq on 26 December 1981, and approved by the Iraqi National Assembly on 28 January 1982. Interestingly the new border has not been officially filed with the United Nations.

Like both countries the Neutral Zone is a blighted region with very little resources except oil and sand. Nothing existed in the region or by agreement was built there. The nomads who did not recognize either state were allowed to freely pass through both regions.

DXpeditions

Several DXpeditions were found on the web. The entity was active between 1964 and 1979. One QSL from a very humorous pirate is included.

HZ3TYQ/8Z4 10-14 Jan 1965, & 25-28 Jan 1966

Two DXpeditions were conducted by HZ3TYQ, Vic Crawford (W1TYQ). They spanned 1965 and 1966. Vic worked for ARAMCO and was operating from an oil exploration camp in the region.

Vic used a Collins KWM-2 transceiver, a 2 element yagi and inverted vee dipoles. He operated CW on 3501 KHz, 7003 KHz, 14005 KHz, 21005 KHz and SSB on 14110 KHz. In 1965 he made 1340 QSOs working 71 countries and in 1966 he made 1197 QSOs working 61 countries.

HZ3TYQ/8Z4
Saudi Arabian/Iraqi Neutral Zone

In 4 days 1340 QSOs in 71 countries were made by this one-man DXpedition from an unheated tent in high winds, rain, and 20-30°F weather. This is one of the remotest areas of the world, inhabited only by a few bedouins and accessible only by 150 miles of unimproved camel trails.
Congratulations on this rare contact!

Radio: W6ANN

73 Thanks
Bill: I am exceedingly
happy to see this
W6ANN/W6ANN confusion
resolved in your favor.
Of the 1340, I have found
just 3 call-sign errors.
Not bad at all... but then
Vic is very serious op.
Your new QTH sounds
marvelous!
73, Ned
WIRAN/F5RQ/ETC.

QSL Card for Contact with SCDXC Charter Member W6ANN (W6BA) (SK)

Vic passed away on November 8, 2014 at age 94 in Michigan. He also operated from the Kuwait / Saudi Arabia Neutral Zones, HZ3TYQ/8Z5, 9K2TL/NZ. Vic also operated a good deal from HZ1AB.

There is a great article on Vic's operations at K8CX's Ham Gallery.

Neutral Zones

Photos and QSLs courtesy of hamgallery.org (K8CX)

HZ1BS/8Z4

This is another operation where only a QSL card could be found. Is it a real one? Well, yes it is! It is on K8CX's hamgallery and there are various listings of him being worked and counted for DXCC. A listing of operations was found on Dokufunk.org. It indicates that this operation took place in 1978. Unfortunately the list is incorrect in that it places the operation under the Kuwait / Saudi Arabia neutral zone. From the card you see the map is that of the Iraq / Saudi Arabia neutral zone.

**Kuwait - Saudi Arabian Neutral Zone**

This neutral zone is comprised mostly of barren desert. Again, it was established by the Uqair Convention, in 1922 after WWI, to accommodate the Bedouins who have no national allegiance and moved freely across the desert. It is not a buffer between the two nations rather a region where both Saudi Arabia and Kuwait shared rule. After the discovery of oil in the region the neutral zone was divided and set under the jurisdiction of each country. We have to thank the Bedouins for providing this entity for the time it was in existence.

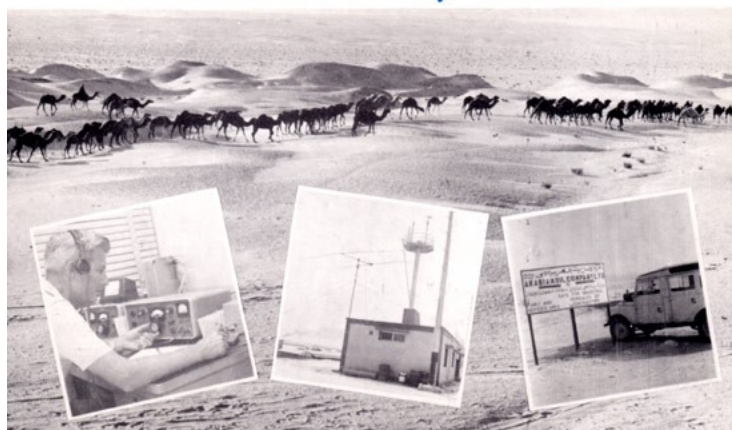

DXpeditions**HZ3TYQ/8Z5 12-16 May 1965**

Vic conducted two operations from the Saudi / Kuwait Neutral Zone. The first using this call and the second using 9K2TL/NZ.

The first operation yielded 1080 QSOs in 55 countries. He again used the same reliable equipment he had while in Saudi Arabia. Looking at the station it appears that the venue was very comfortable indeed.

HZ3TYQ/8Z5

**HZ3TYQ/8Z5****Saudi-Arabian/Kuwaiti Neutral Zone**

Unlike desolate and remote 8Z4, the oil camps at Khafji are beehives of activity. In 4 nights from the comparative comfort of the "weather shack", another one-man DXpedition made 1000 QSOs with 55 countries.
We are happy you were one of them!

Major Ken Ellis, G5KW, was also active during one of Vic's operations. He worked Vic for probably the only in neutral zone QSO. Not much else was found on Ken's operation. From the QSL he was using a KW2000 and a Hammarlund HQ120 receiver. Ken was active from many DX entities, ZC4NX, ZC6NX, HZ1KE, MP4KW, HZ1AT/8Z4, and as G5KW/YI

8Z4A November 1979

HH Prince Talal of Saudi Arabia, HZ1TA, sponsored this excursion into the neutral zone. It was a celebration of King Hussein's 44th birthday, JY1.

They operated 80 through 10 except the WARC bands on both SSB and CW.

There were 12 operators: JY4MB JY4NA, HY3ZH, JY4YJ, JY5US, JY5MK, J28AA, 9K2DN, HZ1TC, and 9K2CM.

From the picture the group was well organized and funded. The operation lasted for 11 days from November 10th through the 21st making 40,800 QSOs.

This DXpedition brought the total QSOs for the Neutral Zone beyond 43,400.

Now for the final operation!

9Z3AA

When the QSL was first found it was thought to be a real operation. Then the operator name, his QTH, address and zone gave a sense that this was not quite what it seems. Maybe the former call signs are a give away as well. One of them is a vacuum tube. Can anyone translate the symbols on the sides?

Neutral zones served a real purpose. They gave us more entities to work. We should use our influence to press every country to establish one between each of it's neighbors! That would more than double our country count and reinvigorate the hobby. Don't hold your breath! Maybe we could convince Mexico to put a buffer on our southern border. You know some brave soul could operation from the buffer zone between North and South Korea!

Researching these deleted entities makes one nostalgic. Maybe it would have been fun to work for an oil company on foreign fields or in the state department or even for the United Nations, like some we know and knew. Maybe the comforts of home is not what is all cracked up to be. Maybe this is just a romantic notion of far away places. Nevertheless, you could get used to it!

See you next time!

Two Free Amateur Radio Courses

ALL FOLKS MUST WEAR A MASK EVEN IF VACCINATED

FCC **“Technician”** course (entry level)

FCC **“General”** course (2nd level)

Each course is 2 sessions

The sessions will be on 5 and 12 February 2022

Technician 9:30 AM to 1:15 PM both Saturdays (bring your lunch)

General 1:30 PM to 5:00 PM both Saturdays

The FCC tests will be 10:00 AM to noon on 19 February 2022

At the start of the 5 February Technician course, a member of the Palos Verdes Amateur Radio Club will give a 30-minute presentation on how to get further involved in amateur radio.

The class location is at Fred Hesse Community Park,
29301 Hawthorne Blvd., Rancho Palos Verdes, CA 90275

Confirm your attendance to Walt, K1DFO at wfordway@juno.com

There is **no fee** for either course.

Taking the FCC test is \$15.

Optional Material (sold at cost)

Gordon West books with all the FCC test questions,

\$26 for the Technician and \$26 for the General

Paper copy of Walt's Power Point charts,

\$22 for the Technician and \$20 for the General

For courses sponsored by the Palos Verdes Amateur Radio Club, students thru grade 12 who pass their examination at a PVARC VE test session will, upon application to the Club, be eligible for reimbursement up to a maximum of \$50 to cover the cost of materials and the examination fee.

Everyone who obtains their first ham radio license through a PVARC VE test session, regardless of age, will receive a free membership in the Palos Verdes Amateur Radio Club for the remainder of the current calendar year.

Propagation

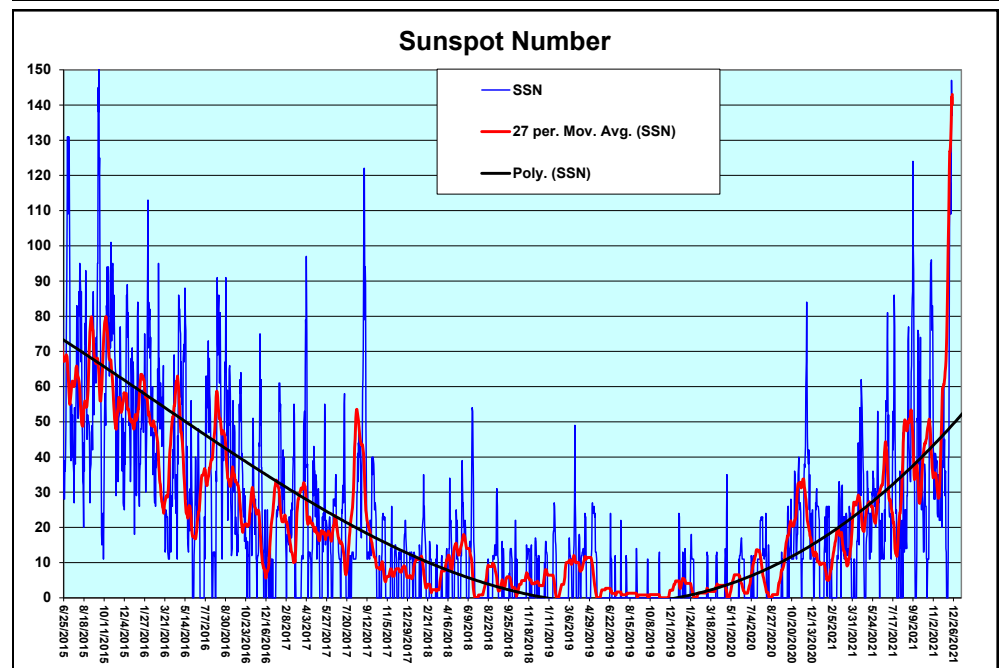

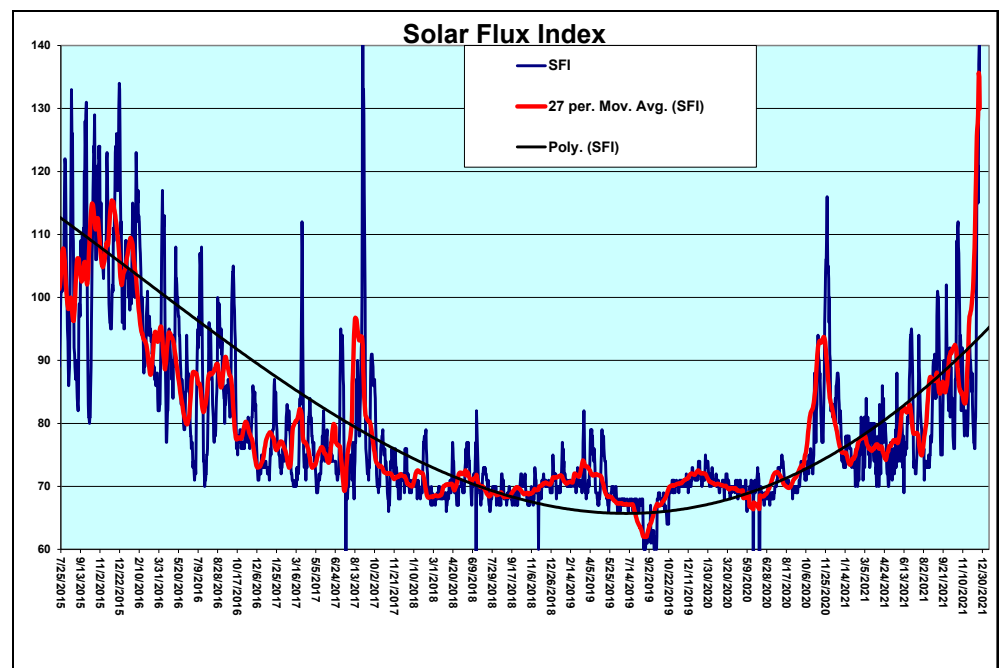

The numbers continue to rise. In fact, there has been a huge spike in SFI and SSN over the past few days. Is this going to be the super cycle that some predict? Only the shadow knows.

Strongest Cycle Ever? Biggest Cycle?
